BUSINESS and COMMERCIAL LAW

Whether you are starting up, buying, expanding, selling or just dealing with issues that arise from running your business - we can help.

TO INCORPORATE OR NOT?

We can advise you about which option is best for you in your current circumstances. We can help you acquire the right sort of limited company, structure the shareholdings and advise about a director's responsibilities. If it is not to be an incorporated business, we can advise you as a sole trader or partner, and draw up a partnership deed or agreement.

EXPANSION / BUYING / SELLING

We can advise you on the issues which arise on acquiring or disposing of property, goodwill, shares, assets, etc. - and all the potential pitfalls of failing to obtain or make full disclosure.

RUNNING YOUR BUSINESS

If you wish, we are happy to become more involved with you in managing the issues that arise in business. We can attend meetings where potentially complex legal issues are to be discussed. We have found that 'pre-emptive' action can avoid costs and problems later.

FUNDING

We can help you find a funder (e.g bank, private investor or venture capitalist), present your case and help negotiate terms.
